<input type="checkbox"/> Creativity curiosity open-Mindedness imagination problem solving	<input type="checkbox"/> Responsible use protect devices and understand risks and threats understand safety and security measures

What would you like to share?		
<input checked="" type="checkbox"/> classroom activity	<input checked="" type="checkbox"/> online activity	<input type="checkbox"/> outdoor activity
<input type="checkbox"/> in-school activity <input type="checkbox"/> teacher guidance <input type="checkbox"/> autonomous	<input type="checkbox"/> at home activity <input type="checkbox"/> parental guidance <input type="checkbox"/> autonomous	
<input type="checkbox"/> video	<input type="checkbox"/> information document	
digital game for children	<input type="checkbox"/> powerpoint presentation	
other :		

Resources required	
Human	yes
Material	Computer and mail account
Digital	no

If you are sharing an activity, please also complete the following:

Description/instructions of the activity/activities

Please describe here the activity/activities you want to share, in as much detail as possible.

Give the children a color. The child needs to find at least 4 images that match the base color he was given. He will have to send the images he finds via mail.

Evaluation of the activity/activities

If an activity evaluation is planned in your process, please add it here. This evaluation can relate to the achievements of the activity or the experience of the activity.

Ask the children to find images of a specific colour and send them to you. You can ask the child to find 10 pictures. The better the child is, the more colors you can ask.
